FINDING OF NO SIGNIFICANT IMPACT

FOR

GEORGIA PROJECT STP00 -0186-01(011), CSSTP-0006-00(900)(901)
and CSSTP-0007-00(691)

Douglas and Paulding Counties

P.I. Number 720970-, 0006900, 0006901 and 0007691

The proposed widening and realignment of State Route (SR) 92/Fairburn Road and SR 92/Dallas Highway from Pine Drive in Douglas County to Nebo Road in Paulding County and the construction of three grade-separated structures at the proposed SR 92 intersections with US 78/East Broad Street, the Norfolk Southern Railroad and East Strickland Street

An Environmental Assessment of the referenced project has been prepared by the Georgia Department of Transportation in consultation with the Federal Highway Administration. The document was made available for public inspection as announced in a public notice, and comments were invited from all interested parties. Subsequent to the availability of the Draft Environmental Assessment and the comment period, a Final Environmental Assessment was prepared and has been furnished to the Federal Highway Administration by the Georgia DOT with the recommendation for a "Finding of No Significant Impact."

The Federal Highway Administration, after reviewing the Environmental Assessment, finds that the project will have no significant impact on the human environment.

The Finding of No Significant Impact is based on the Environmental Assessment, which has been evaluated by FHWA and determined to adequately and accurately discuss the environmental issues and effects of the proposed project. The Environmental Assessment also provides sufficient evidence and analysis for determining that an environmental impact statement is not required. The Federal Highway Administration takes full responsibility for the accuracy, scope and content of the attached Environmental Assessment.
